

## Membership of Mental Health Coordinating Council

Mental Health Coordinating Council is a member organisation representing community managed mental health organisations, both large and small, local and state-wide service providers.

As a member we will bring your concerns to the table with decision makers, help you broaden your network, and keep you up to date on significant sector news, opportunities and events.

## Benefits of membership

Join a **strong network** of community organisations whose voices are recognised for their knowledge, experience and effectiveness in delivering psychosocial and wellbeing programs to people living with mental health conditions.

See **sector wide improvements** to service delivery and structural change to build a strong and sustainable community-based mental health sector.

Join a **two-way channel** for information and experience between the community-managed mental health sector and government.

Stay **well informed** and keep up to date about developments that matter to you in the mental health sector.

Have **greater impact** through collaboration with the sector, participation in policy

making and meaningful consultation. Have input into government processes and policy through campaigning, forums and working groups, committees and projects.

**Inform a solid evidence base** for community mental health initiatives. With state-wide influence, we make your voice heard.

**Direct and drive the sector** by having a say in the work and priorities of Mental Health Coordinating Council. Members have voting rights at our general meetings and in Board elections.

**Gain access to practical support** through our sector-leading suite of capacity-building tools and resources to strengthen trauma-informed recovery-oriented practice at all levels of your organisation.
